

Auburn Ravine Salmon Counts

Each fall and winter since 2016, large adult Chinook Salmon have been counted as they swam upstream using a video system operated by Friends of Auburn Ravine in Lincoln, CA.

Wading/walking surveys are then conducted to find out how far upstream they swam and where they built nests in the creek.

Season	Count
-----	-----
2016/2017	326
2017/2018	48
2018/2019	26
2019/2020	71
2020/2021	19
2021/2022	358
2022/2023	42
Average	127
